CARD 01 | Shoe Repair Counter

What kinds of things were repaired in a neighborhood you knew?

Another way in

Imagine a repair shop. Which tool or material would catch your attention?

If you would like to add more

Would you rather watch the work, ask a question, or browse the window?

You may remember, imagine, listen, or pass.

A ten-minute tryout

Offer the puzzle and say: "You can search, talk, listen, or pass." After a few minutes, offer the answer if wanted. Read the card once; an imagined scene is welcome.

The complete optional pack

32 new puzzles with 32 full-size solutions, 32 discussion cards, and eight session menus. This sample contains puzzle 01, its solution, and card 01; the purchased pack contains all 32.
